Wednesday, April 17 | 6:30 pm

[Army Navy Country Club \(ANCC\)](#)

1700 Army Navy Dr, Arlington, VA 22202

Exclusive ACMS presentation coordinated with

(in partnership with [WealthMD](#))

Over 90% of US healthcare facilities use locum tenens physicians and advanced practitioners every year to cover during staffing shortages during vacations, maternity leave, gaps between full-time hires, or simply to keep full-time staff from burning out.

Clinicians work locum tenens assignments to diminish burnout, test drive a new job, have freedom and flexibility, earn great money, improve skills, expand networks, keep up clinical skills during career transition or retirement, experience diverse practice settings, and even travel the country.

Even if you are perfectly happy where you are, locum tenens may open opportunities later depending on shifting life situations – you will be armed with the knowledge to make the best decisions. If you lead a private practice or healthcare organization, this presentation is also for you – locum tenens can help

find the right support staff when you need it.

JOIN US at our informational event touching on all aspects of locum tenens (job placement, pay & benefits, travel & housing, privileging & credentialing, malpractice coverage, and more).

This is an educational presentation only a neutral platform like the ACMS (Arlington County Medical Society) can provide, so please do not miss this opportunity!

Refreshments provided.

All current ACMS members (active and retired) are welcome at no charge.

Non-member physicians, resident physicians, and PAs/NPs/CRNAs, are also welcome at no charge.
